NOW is an exciting new opportunity for design leaders to use innovative quilted designs across hundreds of different colourways.

- NOW will initially be available in 4 different designs that can be applied to the majority of our textile and vinyl collections
- Any of the designs can be manufactured with a 3 metre minimum
- A small number of colours are stocked with no minimum requirement
- These innovative quilted designs are available in 140 cm width with options of either 3mm, 5mm and 8mm foam
- All foam and quilting is locally produced providing fast deliveries
- We use Joyce Foams that are Australian made, commercial upholstery quality, flame retardant, GECA certified and have been awarded the Australian Good Environmental Choice Ecolabel.
- NOW will not only add to the aesthetics but can improve the acoustic properties of the environment
- NOW can be used for all normal commercial upholstery and panel applications
